

Dear FCC:

I am writing in regards to the possibility of K-LOVE being replaced by an LPFM broadcaster. I feel this would be a big mistake. K-LOVE has such a positive impact on the local community. I have heard many stories of listeners who have turned their lives around-from addictions and abuse because of the messages they have heard on K-LOVE. For me personally, K-LOVE has helped me through some trying times. Unlike other stations, K-LOVE focuses on positive messages. There is no fear of hearing some explicitives or negative remarks. The positive comments help lift a person up.

I urge you not to give LPFM priority over translator services that carry broadcasts like K-LOVE. Please help keep K-LOVE on the air.

Sincerely,
Annie Pettit
